Download digital Museum Objects to your Mobile Phone

Museum On The Go allows you to download **images, audio and video** from **renowned museums, collections and archives** to your mobile phone. Our exclusive catalogue has been developed in close collaboration with the institutions and is continuously enriched with new content. Therefore, you have always access to these digital objects - **art and history become "mobile" and are always "on the go"**.

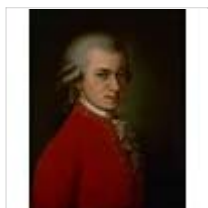

Images (Wallpapers): Save an image as the **wallpaper** of your mobile phone or send it as a **postcard** (MMS) to your friends. Alternatively, just create your personal and private archive of art and history on your mobile phone.

Audio (Realtones): Save music or audio documents as a **ring tone** on your mobile phone or get an insight into the life and work of famous personalities and interesting peoples and cultures via authentic voice and sound documents.

Video: Original historical videos und moving image documents from the **most important audiovisual archives of the world** let you participate in art and history in a new way.
